Totals	36	23	4	26	24	19	7	10

AZ: Effective June 2010, the performance pay program ends which provided participating employees additional compensation in the amount of 2.75% if the agency or work unit achieved pre-determined performance targets. In addition, a mandatory furlough program has been implemented for FY11 and FY12 (six days each fiscal year). The hiring freeze is still in effect and the total state employee headcount has declined from 38,709 in Jan. 2008 to 33,517 in May 2010, a decline of approximately 5,200.

KS: Only universities have used buyout/early retirement incentives. The legislature just approved a pilot program for one agency to experiment with buyout and early retirement incentives, but that agency may not use the option because it is too busy right now. A 5% salary cut was applied to high-ranking state officers in all three branches of government for the final six pay periods of FY10. These pay cuts will be continued for the entire year of FY11.

LA: State Employees will not receive any cola or merit increase fiscal year 10/11.

ME: Previously planned pay increase retracted for confidential employees only - bargaining unit employees received it (3%). Employees paying more for health insurance as of 10/09

MN: Hiring restrictions in place: voluntary time reductions in use: wages bargained for FY10 and 11 with zero increase.

NV: Merit salary increases and longevity pay were discontinued for the biennium.

OK: Each state agency is authorized to take appropriate actions in light of their specific budget circumstances. This budget situation primarily impacts state agencies where state appropriations are their primary revenue source.
